**FLY-HIGH FIKA SEMINAR**

September 9, 2021

12:00 - 13:00 CEST (UTC +2)

**Title:** Visual Learning and Reasoning in Deep Networks

**Speaker:** Xi-Lillian Pang, KTH Royal Institute of Technology

**Description:**

We are facing a data explosion that makes it necessary to develop new ways to learn from the data. Vision algorithms have a large impact on modern society, but we need to understand the foundations for learning in computer vision. In this talk, I will present some ideas and the main challenges we need to address.
